	2A --- Next 128	155-291	128
	1A --- Remainder	39-155	136

*From the largest 48, 64, and next 72 because we go co-ed with girls and we don't want schools in one class in boys and a different class in girls. Not all schools have boys & girls cross country.

**IHSAA Board policy allows schools to participate in a higher classification than their enrollment places them in a sport with four classes. Schools requesting this placement will remain in higher class for two years.

***Plus golf schools that play in 4A conferences that desire to play in fall.

****Schools with enrollment larger than 115 are not eligible for 8-player play-offs.

*Note: Football classifications remain the same for (2) years. This was the first year for current classifications.
