CONCUSSION MANAGEMENT

Iowa Code Section 280.13C states, in part,

1b. "Annually, each school district and nonpublic school shall provide to the parent or guardian of each student a concussion and brain information sheet, as provided by the Iowa High School Athletic Association and Iowa Girls High School Athletic Union. The student and student’s parent or guardian shall sign and return the concussion and brain injury information sheet to the student’s school prior to the student’s participation in any interscholastic activity for grades seven through twelve.

2. If a student’s coach or contest official observes signs, symptoms, or behaviors consistent with a concussion or brain injury in an extracurricular interscholastic activity, the student shall be immediately removed for participation.

3a. A student who has been removed from participation shall not recommence such participation until the student has been evaluated by a licensed health care provider trained in the evaluation and management of concussions and other brain injuries and the student has received written clearance to return to participation from the health care provider.

3b. For the purposes of this section, a licensed health care provider means a physician, physician’s assistant, chiropractor, advanced registered nurse practitioner, nurse, physical therapist, or licensed athletic trainer licensed by a board designated under section 147.13.

3c. For the purposes of this section, an extracurricular interscholastic activity means any extracurricular interscholastic activity, contest, or practice, including sports, dance, and cheerleading."

IHSAA/IGHSAU Recommended Protocol When a Student Has Sustained a Concussion or other Brain Injury as Defined in Iowa Code Section 280.13C

1. No student should return to play/competition or practice (RTP) on the same day s/he sustained a concussion or brain injury, but a licensed health care provider as defined in Iowa Code Section 280.13C makes the final decision regarding (RTP).

2. A licensed health care provider as defined in Iowa Code Section 280.13C should evaluate a student suspected of having a concussion or brain injury on the same day the injury occurs.

3. After receiving medical clearance by a licensed health care provider as defined in Iowa Code Section 280.13C, RTP should follow a stepwise protocol with provisions for delayed RTP based upon the return of any signs or symptoms.

4. Education of contest officials, school coaches and other appropriate school personnel, contestants, parents, and licensed health care providers.
   • The Iowa High School Athletic Association and Iowa Girls High School Athletic Union will provide educational materials related to concussions and brain injuries developed by the CDC and other organizations knowledgeable about concussions.

5. Removing students who exhibit signs, symptoms, & behaviors of a concussion or brain injury from participation, and their return to participation.
   • Coach Removal - If the student’s coach observes signs, symptoms, or behaviors consistent with a concussion or brain injury, during any kind of participation, i.e. practices, scrimmages, contests, etc., the student shall be immediately removed from participation and shall not return until the school’s designated representative receives written clearance to return from a licensed health care provider as defined in Iowa Code 280.13C.

   • Contest Official Removal - If a contest official observes signs, symptoms, or behaviors consistent with a concussion or brain injury, during scrimmages, contests, etc., the student shall be immediately removed from participation and a designated contest official at the contest/event must receive the written clearance to return from a licensed health care provider as defined in Iowa Code 280.13C before the student can return to participation in that contest/event, including an event that takes place over multiple days.
• Before allowing a student who has been exhibiting signs, symptoms, & behaviors of a concussion to return to participation (practice and/or competition), licensed health care providers as defined in Iowa Code 280.13C should follow the return to participation protocol from “Suggested Guidelines for Management of Concussion in Sports,” NFHS Sports Medicine Advisory Committee 2013 and “Consensus Statement on Concussion in Sport 4th International Conference in Sport Held in Zurich, November 2012,” British Journal of Sports Medicine, 2013; 47:250-258.

6. At events where the Iowa High School Athletic Association or Iowa Girls High School Athletic Union have provided licensed health care providers as defined in Iowa Code 280.13C, those licensed health care providers have final authority regarding RTP when a student has exhibited signs, symptoms, and behaviors consistent with a concussion.

RETURN TO PARTICIPATION PROTOCOL FOLLOWING A CONCUSSION (GUIDELINES FOR LICENSED HEALTH CARE PROVIDERS)

Return to participation following a concussion is a medical decision made on an individual basis by licensed health care providers. Medical experts in concussion believe a concussed student should meet ALL of the following criteria in order to progress to return to participation. However, these criteria are GUIDELINES ONLY and not required by Iowa Code Section 280.13C when licensed health care providers determine a student’s return to participation.

Asymptomatic at rest, and with exertion (including mental exertion in school), AND have written clearance from physician, physician’s assistant, chiropractor, advanced registered nurse practitioner, nurse, physical therapist or licensed athletic trainer. *Written clearance to return by one of these licensed health care providers is REQUIRED by Iowa Code Section 280.13C!

Once the criteria above are met, the student should progress back to full activity following the stepwise process detailed below. A licensed health care provider as defined in Iowa Code Section 280.13C, or their designee, should closely supervise this progression.

Progression to return is individualized and should be determined on a case-by-case basis. Factors that may affect the rate of progression include: previous history of concussion, duration and type of symptoms, age of the student, and sport/activity in which the student participates. A student with a history of concussion, one who has had an extended duration of symptoms, or one who is participating in a collision or contact sport may progress more slowly as determined by a licensed health care provider as defined in Iowa Code Section 280.13C, or their designee.

Step 1. Complete physical and cognitive rest. No exertional activity until asymptomatic. This may include staying home from school or limiting school hours (and studying) for several days. Activities requiring concentration and attention may worsen symptoms and delay recovery.

Step 2. Return to school full-time /normal cognitive daily activities, or normal cognitive functions.

Step 3. Low impact, light aerobic exercise. This step should not begin until the student is no longer having concussion symptoms and is cleared by the treating licensed health care provider. At this point the student may begin brisk walking, light jogging, swimming or riding an exercise bike at less than 70% maximum performance heart rate. No weight or resistance training.

Step 4. Basic exercise, such as running in the gym or on the field. No helmet or other equipment.

Step 5. Non-contact, sport-specific training drills (dribbling, ball handling, batting, fielding, running drills, etc.) in full equipment. Weight-training can begin.

Step 6. Following medical clearance*, full contact practice or training.

Step 7. Normal competition in a contest.

NOTE: Generally, each step should take a minimum of 24 hours. If post concussion symptoms occur at ANY step, the student must stop the activity and their licensed health care provider as defined in Iowa Code Section 280.13C should be contacted. If any post-concussion symptoms occur during this process, the student should drop back to the previous asymptomatic level and begin the progression again after an additional 24-hour period of rest has taken place.
APPLICATION OF IOWA CODE SECTION 280.13C
(CONCUSSION LEGISLATION) BY SPORT

A. COACH REMOVAL
When a student’s coach removes a student from any kind of participation due to observing signs, symptoms, or behaviors consistent with a concussion or brain injury the student shall not return until designated school personnel have received written clearance to return from a licensed health care provider as defined in Iowa Code 280.13C.

B. CONTEST OFFICIAL REMOVAL
(Information below is only listed for sports where contest officials have jurisdiction; therefore, not all sports are listed.

When an official removes a student from participation, the following procedures are used.

FALL SPORTS

Cross Country:
1. If a contest official removes a student with signs, symptoms, or behaviors consistent with a concussion or brain injury from participation, the contest referee must receive written clearance from a licensed health care provider as defined in Iowa Code 280.13C before the student can return to participation in the meet.
2. As long as the meet is in progress, the written clearance to return shall be presented to the referee and the referee shall determine the student’s return to competition.

Football:
1. If a contest official removes a student with signs, symptoms, or behaviors consistent with a concussion or brain injury from participation, the contest referee must receive written clearance from a licensed health care provider as defined in Iowa Code 280.13C before the student can return to participation in that contest/event.
2. If the contest is in progress, the written clearance to return shall be presented to the referee during a time when the clock is stopped.
3. If the event is between contests, i.e. between lower level and varsity contests, the written clearance to return may be presented to the referee before the next contest begins.

Record Keeping:
A. Health records, such as written clearance to return to participation, should become part of a student’s cumulative file kept by the school. Iowa Administrative Code 281.12.3(4)
HEADS UP: Concussion in High School Sports

The Iowa Legislature passed a new law, effective July 1, 2011, regarding students in grades 7 – 12 who participate in extracurricular interscholastic activities. Please note this important information from Iowa Code Section 280.13C, Brain Injury Policies:

1. A child must be immediately removed from participation (practice or competition) if his/her coach or a contest official observes signs, symptoms, or behaviors consistent with a concussion or brain injury in an extracurricular interscholastic activity.

2. A child may not participate again until a licensed health care provider trained in the evaluation and management of concussions and other brain injuries has evaluated him/her and the student has received written clearance from that person to return to participation.

3. Key definitions:
   - "Licensed health care provider" means a physician, physician assistant, chiropractor, advanced registered nurse practitioner, nurse, physical therapist, or athletic trainer licensed by a board.
   - "Extracurricular interscholastic activity" means any extracurricular interscholastic activity, contest, or practice, including sports, dance, or cheerleading.

What is a concussion?
A concussion is a brain injury. Concussions are caused by a bump, blow, or jolt to the head or body. Even a "ding," "getting your bell rung," or what seems to be a mild bump or blow to the head can be serious.

What parents/guardians should do if they think their child has a concussion?
1. OBEY THE NEW LAW.
   a. Keep your child out of participation until s/he is cleared to return by a licensed healthcare provider.
b. Seek medical attention right away.
2. Teach your child that it’s not smart to play with a concussion.
3. Tell all of your child’s coaches and the student’s school nurse about ANY concussion.

What are the signs and symptoms of a concussion?
You cannot see a concussion. Signs and symptoms of concussion can show up right after the injury or may not appear or be noted until days after the injury. If your teen reports one or more symptoms of concussion listed below, or if you notice the symptoms yourself, keep your teen out of play and seek medical attention right away.

STUDENTS:
If you think you have a concussion:
- Tell your coaches & parents – Never ignore a bump or blow to the head, even if you feel fine. Also, tell your coach if you think one of your teammates might have a concussion.
- Get a medical check-up – A physician or other licensed health care provider can tell you if you have a concussion, and when it is OK to return to play.
- Give yourself time to heal – If you have a concussion, your brain needs time to heal. While your brain is healing, you are much more likely to have another concussion. It is important to rest and not return to play until you get the OK from your health care professional.

IT'S BETTER TO MISS ONE CONTEST THAN THE WHOLE SEASON.

IMPORTANT: Students participating in interscholastic athletics, cheerleading and dance; and their parents/guardians; must annually sign the acknowledgement below and return it to their school. Students cannot practice or compete in those activities until this form is signed and returned.

We have received the information provided on the concussion fact sheet titled, "HEADS UP: Concussion in High School Sports.”

TEAM PARTICIPATION RULES

1. **Meet Limitation:** Teams will be allowed to compete in 12 meets. Meets not included in this limitation: IHSAA meets (state qualifying or state) and the Drake Relays.

2. Indoor track and field meets do not count toward the meet limitation unless an indoor meet is held after a school's outdoor season has begun. The indoor track season ends when a school has its first outdoor competition. Any indoor meet held after a school begins outdoor competition counts against the meet limitation.

3. On occasion, a school will have an athlete who is very talented and the school believes he should have better competition than the rest of the team; therefore, they take the individual to a meet and leave the rest of the team at home. If a school does this, this meet will count against the team's meet limitation if the outdoor season has begun. This does not include the Drake Relays.

4. A two-day meet shall be considered a one-day meet insofar as the limitation rule is concerned.

5. If you sign a contract to participate in a track and field meet, you cannot break that contract to attend a different meet. IHSAA rules require you to honor your first contract.

INDIVIDUAL PARTICIPATION RULES

1. **Individual Meet Limitation:** Individuals will be allowed to compete in 12 meets. Meets not included in this limitation: IHSAA meets (state qualifying or state) and the Drake Relays. Indoor track and field meets do not count toward the meet limitation unless an indoor meet is held after the outdoor season has begun. The indoor track season ends when a school has its first outdoor competition. Any indoor meet held after a school begins outdoor competition counts against the meet limitation.

2. **A competitor may compete in only one meet per day, excluding the Drake Relays.** The only exception would be if you have a junior varsity /varsity meet or a sophomore/varsity meet held on the same day at the same site. An individual can participate in both meets as long as he does not violate the one-day individual event participation rule. In this instance, the competitor will be charged with only one meet.

3. **Individual Event Limitation:** Each contestant is limited to four events.

4. Preliminary events count as an event.

5. If there are no preliminaries, individuals entered will be charged with an event unless he scratches prior to reporting to the clerk of course or event judge.

6. The Board of Control of the IHSAA has adopted the National Federation rule with regard to a participant competing in too many events. Rule 4, Section 2, Article 2 requires the forfeiture of all individual points, team points, and places earned by a competitor exceeding the participation limit. This forfeiture applies to both individual and relay points and places.

7. **Concussion:** National Federation rules and the Code of Iowa require that a competitor displaying the signs or symptoms of a concussion shall be immediately removed from the meet and not allowed to return until cleared by an appropriate health-care professional. Please refer to Rule 4, Section 4, Article 2, in the National Federation Rules.

8. **Personal conduct:** Disqualification will be invoked for unsportsmanlike conduct. The referee has sole authority in this area however any official may request the referee to take such action. Please refer to the IHSAA Handbook for the current IHSAA disqualification rule. The use of tobacco products by coaches or participants is prohibited by IHSAA rule.

COACHES’ RESPONSIBILITIES

1. Review Rule 4, Section 6, in the National Federation Rules concerning disqualification. At the same time, review the IHSAA disqualification rule.

3. If field events are held outside of the track area, coaches will be permitted in those areas.

4. Competitors shall not receive assistance from another competitor or any other person to complete the race or trial. Both competitors shall be disqualified unless a competitor is injured or becomes ill and an appropriate health-care professional is not available, only the injured/ill competitor is disqualified.

5. Watches with GPS capabilities are illegal.

6. **Uniform Rule:** Coaches are responsible for seeing their competitors are wearing the proper uniform. A legal uniform is well defined in Rule 4, Section 3, Articles 1-3 of the National Federation Rules, however, there is an Iowa adaptation which is found below. The athlete should always wear the uniform of his school. No contestant will be permitted to wear any head covering. Single solid colored headbands and wristbands are allowed. Such items must be unadorned, meaning they may only display one manufacture’s logo or school name or logo, and can be no more than 2 inches wide. Such logo must be no more than 2 1/4 square inches, with no dimension greater than 2 1/4 inches. An illegal uniform can be removed or corrected prior to the start of a race or event if done without delay. If a competitor is discovered wearing an illegal uniform during competition, the competitor will receive a warning and all subsequent violations of the rule by a warned competitor will result in disqualification from the event. In relay races each team member shall wear the same color and design school uniform (top and bottom).

STATE QUALIFYING MEET INFORMATION

1. Information will be mailed to your school. A Qualifying Meet Manual will be posted on the website. Qualifying meet entries will be submitted online. Information for submitting qualifying meet entries will be communicated to member schools on Monday, April 24, 2017. The deadline for Qualifying Meet entries and declarations will be 10:00 a.m. Wednesday, May 10, 2017. All scratches or substitutions must be sent by email to the Qualifying Meet host no later than 10:00 a.m. on the day of the meet, Thursday, May 11, 2017. No substitutions will be allowed after that time. Scratches after that time will count as an event. Emergency situations will be considered and can only be approved by the IHSAA. All times and efforts will be performances in established meets and should be recorded in metric times or converted metric times for the running events and standard measurements for the field events. All entries shall be submitted as FAT times. All state qualifying meet seed times need to be verified through QuikStats. Any time discrepancies (faster or slower than what is posted on QuikStats) will result in “No Time” seed time. No split times are allowed for individual event seed times.

2. Upon receipt of the entries, all entries will be ranked from first to last in each event according to performances. Heats and sections as well as lane assignments will be drawn from this information. The IHSAA will oversee the ranking of the entries and placement of athletes into heat sections, lanes and flights. State qualifying meet managers may reseed an event if pre-meet scratches occur.

a.) Field events will be in flights. Throwing order will be as stated in the Track and Field Rules Book. For the long jump and throwing events, each competitor will attempt one trial at a time through the flight order, similar to that format used at the state track and field meet. If a competitor needs to be excused to participate in another event during either the preliminary or final round, please reference Rule 6, Section 2, Article 3 (Throws).

b.) GIRLS: The starting height in the high jump is 4’6” for all classes. The bar is raised two inches each time to five feet, and then one inch at a time.

BOYS: The starting height in the high jump for Class 4A/3A is 5’6” and 5’4” for Classes 1A/2A. The bar is raised two inches each time to six feet and then one inch after six feet.

-2017 TRACK & FIELD PAGE 3-
Starting heights may be adjusted by Meet Manager in cases of inclement weather/poor jumping conditions.

c.) In events run in sections against time, the last section will contain the best performers, the prior sections the next best contestants, etc.

d.) Since all events are finals, sections will be filled by entry performances. The final section of each event will have the best entry performances.

e.) The highest ranked contestant will be placed in the lane in the center of the track. Lanes will be filled by alternating either side of the number-one ranked athlete. This will be (4-5-3-6-2-7-1-8) according to the number of individuals or teams in the heat and the lanes available.

3. Relay personnel may be changed after the meet has begun. Substitutes must come from the names on the original relay entry.

4. Each school will be given copies of the heat and lane assignments before the meet begins. Each school will also be given a copy of results prior to leaving the meet site. Any discrepancies should be addressed prior to leaving the qualifying meet site.

5. Track Complimentary Admissions:

   1) Any superintendent, principal, or athletic director who present their current IHSAA identification card will be admitted free along with one accompanied guest. It shall be understood that no members of the families of an administrator or coach shall be admitted free unless they qualify in one of the other categories.
