STATE INDOOR EVENT TRACK CHAMPIONS, 1931-1972

NOTES: (1) Iowa University hosted the Indoor Meet. Prior to 1931, the meet was open to high schools from neighboring states. In 1930 the Board of Control of the IHSAA negotiated with the University that starting in 1931 the meet would be limited to Iowa high schools and be known as the State Indoor, with the IHSAA assuming the costs of meet management and awards. (2) Class Records – AA event records will include those from large school performers, 1931-1952. (3) Measurements are by guidelines for the years contested. (4) The IHSAA is indebted to Jim Young (former Waterloo, West state champion in the discus and shot put and Iowa track and field historian) and his wife Ginger for their assistance in honoring athletes whose collective recognition has been missing for over four decades. This list has attempted a near impossible task of listing the relay runners of championship teams. Research continues to try to find first and/or complete names of athletes. Those who may know the missing names, please contact Bud Legg at blegg@iahsaa.org with corrections/additions. Microfilm results have been difficult to decipher.
