There are provisions in the National Federation rule books that pertain to the wearing of special equipment and braces. The purpose of this handout is to provide a summary of those provisions. Administrators, coaches, officials, and medical and paramedical personnel may use this handout as an easy reference. Coaches should familiarize themselves with the rules of their sport so they do not misinform athletes, parents, and/or medical personnel regarding what an injured athlete may or may not wear during competition. Athletic administrators are encouraged to make copies of this handout available to medical personnel in their communities.
