2020-21 Postseason Lead-Up Video Application - Track & Field Addendum

This form is to be completed by the entity requesting access to broadcast an IHSAA and IGHSAU-sponsored state qualifying meet in Track & Field via television or Internet in the 2020-21 school year.

It must be submitted to both the IHSAA & IGHSAU offices and the postseason host site manager at least 72 hours in advance of the scheduled event. Payment must be submitted to the IHSAA within two business days after the event occurs.

Permission to access and broadcast the selected event may be granted upon receipt and review by the IHSAA, IGHSAU, and the host site. You will be contacted by the IHSAA or IGHSAU once an application has been approved or denied.

Update: This is a 2021 addendum to both the IHSAA and IGHSAU postseason lead-up video policies. Approved access is good for both boys' and girls' competition at the selected co-ed state qualifying meet. Access fees will be distributed by one-third among host school, IHSAA, and IGHSAU. Applications and payment are due from all outlets providing video access; no school group or NFHS Network exceptions for co-ed events. Other [IHSAA](#) & [IGHSAU](#) policies still apply.
