INFORMATION REGARDING TEAM & INDIVIDUAL PICTURES BOYS ONLY

Each member of a qualifying team and each individual qualifier(s) will receive a picture plaque from the IHSAA. Pictures for these plaques will be taken at the meet site. If the weather cooperates, the picture will be taken on the 10th tee box; if the weather does not cooperate, the picture will be taken underneath the clubhouse deck. We will be ready to take pictures no later than 9:00 am on both days. If the photographer is there earlier we will make an announcement. **Pictures must be taken one hour before the schedule starting time for the race for your class. No pictures will be taken during awards ceremonies.** Each school qualifying a team will be provided with 8 plaques, one for each of the seven runners and one for the coach. Each school qualifying individual(s) will be provided with a plaque for each individual qualifier and the head coach. If a school has more than one individual qualifier, the qualifiers and the coach will have one picture taken. You will have an opportunity to purchase additional plaques when the picture is sent to you for identification
