Baseball IHSBCA Umpire Clinic Videos

In working with the IHSBCA Umpires, a YouTube channel has been set up to distribute a series of videos through unlisted links (not public).

These videos are 2 parts:

- 1) A selected rule or topic with an attached feedback form.
- 2) A follow-up with proper rulings and further guidance.

The goal as discussed at the IHSBCA clinic is to emphasize consistency in officiating these sometimes less than black and white rules throughout the entire state, not just a local group or level of competition.
